ABOUT
US

Habitat El Juncal

Habitat Inmobiliaria is a benchmark property development company that combines over 65 years' experience and the enthusiasm of a professional team to offer high architectural quality homes and areas designed to enjoy.

In our track record, we have delivered over **60.000 homes** and nowadays, we have one of the largest quality land benches on the market, a million square metres for the development of over **10.000 homes in the years to come**.

Thus, more than 3.600 homes in 40 developments are ongoing

projects, throughout Andalusia, Asturias, Canary Islands, Cantabria, Catalonia, Galicia, Levante and Madrid.

Our mission is to develop real-estate developments in order to meet an important social necessity such as housing and with a quality product tailored to our clients' requirements.

To achieve this, as the core values that guide us are prudence, rigour and authenticity in every one of our operations; the design, innovation and sustainability in the conception and development of our projects; and the integrity, honesty and transparency in the relationship with clients, collaborators and investors.
